American Academy of Emergency Medicine

22ND ANNUAL SCIENTIFIC ASSEMBLY

LAS VEGAS

Planet Hollywood Resort & Casino

Preliminary Program

FEBRUARY 17–21, 2016

www.aaem.org/AAEM16

You're Invited!

This year's Scientific Assembly is going to be better than ever! Take a minute to register for the American Academy of Emergency Medicine's 22nd Annual Scientific Assembly, held in Las Vegas from Wednesday, February 17, through Sunday, February 21, 2016. Register now at www.aaem.org/AAEM16.

The AAEM Education Committee diligently maintains the phenomenal quality of emergency medicine's preeminent educational conference, the AAEM Scientific Assembly. We will provide you with the education you need to take great care of your patients, great care of your practice, great care of yourself, and be at the cutting edge of medical trends and knowledge.

Christopher Doty, MD FAAEM - Co-Chair, 22nd AAEM Scientific Assembly Subcommittee

Evadne Marcolini, MD FAAEM - Co-Chair, 22nd AAEM Scientific Assembly Subcommittee

We have had tremendous success over the past several years with educational innovations that we will be building upon this year. As the planning subcommittee co-chairs, we have leveraged the experience and knowledge of Dr. Joseph Lex, Jr., with the energy of a young, dynamic planning subcommittee to bring a top-notch conference to a very popular locale. You will find many old favorites like:

- Point-Counterpoint
- When the Shift Hits the Fan
- Financial Wellness for Physicians
- Medicolegal Aspects of Emergency Medicine

Also, we will continue with recent successes that have been so popular the past couple of years like the Pecha Kucha sessions for a rapid fire, diverse topic format. These presentations include 20 slides for a review of a single topic in just under seven minutes. These sessions have been tremendously successful for the past two years and will be back in Las Vegas.

There are several stellar pre-conference courses planned for Wednesday, February 17 and Thursday, February 18, which include many perennial favorites as well as new topics to keep you relevant and informed including:

- Ultrasound — Beginner and Advanced, Didactic and Lab Sessions
- Simulation — Pediatric and Obstetric Labs
- Emergency Neurological Life Support (ENLS) Course, *Jointly Provided by the Neurocritical Care Society*
- So You Think You Can Interpret an EKG?
- 2015 LLSA Review Course
- Operations Management Update: What You Need to Know in 2016
- Responding to the Disaster — When Your World Becomes Austere, *Jointly Provided by USAAEM*
- Public Enemy No. 1 — Obesity: Challenges in the Management of the Morbidly Obese in the Emergency Department, *Jointly Provided by CAL/AAEM*
- Resuscitation for Emergency Physicians
- 2016 Medical Student Track

Our keynote speaker this year is Dr. Zubin Damania, otherwise known as ZDoggMD. Those of you familiar with YouTube and social media have probably seen his medical parody videos. Dr. Damania also has serious accomplishments in medicine and has a critical message for us. Dr. Joseph Lex, Jr., will also provide a keynote talk as he reflects on 49 years in emergency medicine. This promises to be a "can't miss" talk. Keep tuned for other possible surprise speakers as they are confirmed.

The conference will also feature several dynamic plenary talks including:

- Amal Mattu, MD FAAEM — Cardiology Updates
- Peter DeBlieux, MD FAAEM — Critical Care You Need to Know
- Corey Slovis, MD FAAEM FACP FACEP — Resuscitation Updates
- Evadne Marcolini, MD FAAEM FACEP — Neurological Critical Care
- Mimi Lu, MD FAAEM — Pediatric Updates
- Nilesh Patel, DO FAAEM FACOEP — Infectious Diseases

The Academy has always worked to bring our top speakers back while providing an opportunity for young, talented voices to rise up and become tomorrow's educational leaders. We continue our search for the future

The American Academy of Emergency Medicine's 22nd Annual Scientific Assembly (AAEM16) is proudly the premier clinical conference in emergency medicine. Pre-conference activities will take place on Wednesday, February 17 and Thursday, February 18. The Scientific Assembly will begin in the afternoon on Thursday, February 18 and end on Sunday, February 21, 2016.

voices of emergency medicine education with the Pecha Kucha talks and the Open Mic sessions. Other specialty sessions have been developed for a changing landscape in emergency medicine such as:

- Palliative Care
- The Future of Emergency Medicine
- Special Needs of Geriatric Emergency Medicine Patients
- Population Health
- Observation Medicine
- Learning From Our Specialists
- Working Without Tests
- Legal Contracts

We have built a stellar lineup in the favorite sessions from the past including:

- Point-of-Care Ultrasound in Emergency Medicine
- Using Technology to be a Better Doctor
- What's New in Trauma
- FOAMed University
- Critical Care Medicine

Other huge successes will be continued such as the:

- EMS session
- Open Mic
- Diagnostic Case Competition
- AAEM/*JEM* Resident & Student Research Competition

Specialty sessions were also developed for:

- Women in Emergency Medicine
- International Emergency Medicine Residents
- Customer Service Goal-Meeting
- Resident and Student Association (AAEM/RSA)
- Young Physician Section (YPS)

As is customary for the conference, there is no registration fee for AAEM members and there are discounted member rates for the pre-conference courses.*

We have worked to provide the very best for your education … great speakers and great topics at no charge in a hot destination. This Scientific Assembly promises to be a fabulous experience and a premiere educational event. Please accept our invitation and come see what we have to offer you. Register now at: www.aaem.org/AAEM16.

Statements of Disclosure

The American Academy of Emergency Medicine (AAEM) endorses the guidelines for continuing medical education programs as set forth in the Accreditation Council for Continuing Medical Education (ACCME). This activity has been planned and implemented in accordance with the Essential Areas and Elements (including the Standards for Commercial Support) and Accreditation Policies. AAEM maintains control over the development of its educational programs and the selection of topics and presenters.

A full disclosure of relevant financial relationships is required of all presenters and faculty members, and the presence of any such relationship will be reported to all program attendees. AAEM defines relevant financial relationships as those relationships in which the individual benefits by receiving a salary, royalty, intellectual property rights, consulting fee, honoraria, ownership interest (e.g., stocks, stock options or other ownership interest, excluding diversified mutual funds), or other financial benefit. Financial benefits are usually associated with roles such as employment, management position, independent contractor (including contracted research), consulting, speaking and teaching, membership on advisory committees or review panels, board membership, and other activities from which remuneration is received or expected. ACCME considers relationships of the person involved in the CME activity to include financial relationships of a spouse or partner.

In accordance with these policies, AAEM would like to make the following information known to conference participants.

Continuing Medical Education

Accreditation Statement

The American Academy of Emergency Medicine (AAEM) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit Designation Statement

The American Academy of Emergency Medicine designates this live activity for a maximum of 23 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure Policy

All faculty and planning committee members participating in continuing medical education programs sponsored by AAEM are expected to disclose to the audience any real or apparent conflicts of interest.

Educational Needs

In order to maintain their medical practice at the highest possible level, emergency physicians need up to date information on a variety of topics in emergency medicine, including both clinical and workplace issues. This conference will meet those needs by providing cutting edge information in several relevant areas. AAEM frequently polls its members for potential topics to be covered. A majority of the topics for 2016 were selected specifically on recommendation of a member.

When planning activities, the AAEM Education Committee uses the 2013 Model of the Clinical Practice of Emergency Medicine to determine the education needs of the emergency physicians attending Scientific Assembly. The Model of the Clinical Practice of Emergency Medicine details the core content of emergency medicine and undergoes an on-going review.

Target Audience

This activity is designed for providers engaged in the practice of emergency medicine who are seeking the most current information in the field, presented at a skill level appropriate to the education needs of the emergency physician.

Learning Objective

Upon completion of this activity, participants will be able to apply new principles to improve their everyday practice of emergency medicine and to increase their understanding of the emergency medicine workplace.

ACGME Competency Index

To contribute to the development of our members as lifelong learners and enhance the effectiveness of the CME activities it provides, AAEM uses the six competencies defined by the Accreditation Council for Graduate Medical Education (ACGME) to guide its educational programming decisions. The six competencies are:

Patient Care
Medical Knowledge
Practice-Based Learning and Improvement
Interpersonal and Communication Skills
Professionalism
Systems-Based Practice

All sessions at the AAEM Scientific Assembly address the competencies of Patient Care and Medical Knowledge. For more information about the ACGME physician competencies, visit http://acgme.org.

Special Thanks & Consideration

The 2016 Scientific Assembly would not be possible without the administrative support provided by Emily DeVillers, Kathy Uy, Darcy Welsh, and Janet Wilson and the collective input from the Education Committee, Pecha Kucha Subcommittee and those Track Chairs who participated on the 2016 Scientific Assembly Planning Subcommittee.

Passport to Prizes

Conference attendees will receive a passport book in their registration materials onsite. Visit all participating exhibitors in the exhibit hall February 18-20 to fill your passport with verification stickers. After you've collected all stickers, drop off your completed passport book at the AAEM registration desk. Passport books turned in prior to the daily drawing will be eligible for a series of prize drawings for that day. Winners will be directed to the designated exhibit booth to collect their prize. To view a list of sponsors, prizes, and rules and regulations, visit www.aaem.org/AAEM16/passport.

Registration for pre-conference courses is limited. Courses are subject to cancellation in case of low enrollment. Attendees will be notified by January 17, 2016. If a course is cancelled, a transfer will be applied to an alternate course or a full refund for the preconference course will be provided.

*The course fees listed on pages 7-18 are AAEM member registration rates on or before Jan. 25, 2016.
See page 35 for more information.

Pre-Conference

So You Think You Can Interpret an EKG?

Session P01

Wednesday, February 17, 2016
1:00-5:00pm

The Advanced EKG Interpretation course is designed for emergency physicians seeking more experience in critical EKG analysis for acute care settings. The course will encourage systematic review of EKGs with emphasis of important differentials, including prolonged QRS, ST-segment elevation, and T-wave inversion.

The course will present an approach to difficult and challenging EKG assessment. Topics to be covered include a review of basic interpretation, ischemia and infarction, as well as various important EKG diagnoses. A series of challenging EKGs will be provided for discussion.

Credit Designation Statement

The American Academy of Emergency Medicine designates this live activity for a maximum of 4 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Learning Objectives

At the conclusion of this presentation, each participant should be able to:

1. Describe a systematic review of an EKG, including axis, intervals, ST-segment, and T-wave abnormalities.
2. List a differential diagnosis for prolonged QRS complexes, and compare criteria that identify each.
3. Identify four STEMI equivalents that require urgent intervention after presentation.

Course Fee

$250 AAEM Member | $400 non-member | Late: (after January 25) $350 AAEM Member | $500 non-member
Resident Members: Free

Tentative Course Schedule

Wednesday, February 17

1:00-1:10pm	Introduction
1:10-2:20pm	Review of EKG Interpretation
2:20-3:00pm	Ischemia and Infarct Patterns
3:00-3:15pm	Break
3:15-5:00pm	Miscellaneous, but Important

Course Director and Faculty

Susan Torrey, MD FAAEM
Associate Professor of Emergency Medicine, Tufts University School of Medicine Baystate Medical Center, Springfield, MA

2015 LLSA Review Course

Session P02

Thursday, February 18, 2016
8:00am-12:00pm

This course is designed to provide the experienced emergency physician with an evidence-based review course for all of the required readings for the 2015 LLSA Review. Course content will be discussed both via PowerPoint® and through small group discussion on key topics for each mandated journal article.

Credit Designation Statement

The American Academy of Emergency Medicine designates this live activity for a maximum of 3.75 *AMA PRA Category 1 Credit(s)*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Pre-Conference

Learning Objectives

This course is designed for the experienced emergency physician who is required to pass the ABEM 2015 LLSA exam. At the conclusion of this course, participants will be able to:

1. Discuss current literature of cardiac emergencies related to the 2015 LLSA readings.
2. Review accidental hypothermia.
3. Identify key areas in lean thinking in emergency departments.
4. Discuss analgesia for procedures and pediatric pain management related to the 2015 LLSA readings.
5. Review new oral anticoagulants in the ED setting.

Course Fee

Free to AAEM Members
$325 Non-member | Late: (after January 25) $425

Course Schedule

Thursday, February 18
8:00am-12:00pm

Course Directors

Richard D. Shih, MD FAAEM
Professor of Clinical Biomedical Science, Emergency Medicine Program Director, Department of Integrated Medical Science, Charles E. Schmidt College of Medicine, Florida Atlantic University, Boca Raton, FL

Michael E. Silverman, MD FAAEM FACP
Vice Chairman, Morristown Medical Center, Morristown, NJ

2016 Medical Student Session

Session P03

Thursday, February 18, 2016
8:00am-12:15pm

Course Description

The medical student track will provide you with invaluable advice for how to shine on your clerkships and successfully apply to an emergency medicine residency. There will also be a residency program director panel. Registration is free for student members (refundable deposit required), so take advantage of the opportunity to learn more about the specialty and meet other students and physicians practicing emergency medicine. We encourage you to register to attend the rest of the Scientific Assembly, which will begin after the medical student track at 12:45pm with the plenary session. We hope to see you there!

Course Fee

Free – Open to Medical Students Only

Tentative Course Schedule

Thursday, February 18

7:30-8:00am	Networking Breakfast
8:00-8:45am	How to Match in EM – Jonathan Jones, MD FAAEM
8:45-9:30am	Career Paths in Emergency Medicine – Kevin G. Rodgers, MD FAAEM
9:30-10:30am	Program Director Panel – Kevin G. Rodgers, MD FAAEM; Michael Epter, DO FAAEM; Jonathan Jones, MD FAAEM
10:30-10:45am	Break
10:45-11:45am	Pearls & Pitfalls of Emergency Medicine – Michael Epter, DO FAAEM
11:45am-12:15pm	Us and Them: Why Are We So Different from the Rest of Medicine? – Joseph R. Lex, Jr., MD MAAEM FAAEM

Course Director:

Michael Wilk, MSIV
President, AAEM/RSA Medical Student Council

Public Enemy No. 1 — Obesity Challenges in the Management of the Morbidly Obese in the Emergency Department

Session P04

Wednesday, February 17, 2016
8:00am-3:45pm
Jointly Provided by CAL/AAEM

According to the American Heart Association, currently, one in three U.S. adults is obese, and another third of Americans are overweight. In numbers, nearly 13 million children and 78 million adults in the United States are affected by the health and emotional effects of obesity on a daily basis.

Not only is there a physical and psychological toll for the obese, there is also a fiscal toll in that the disease costs $190 billion a year in weight-related medical bills.

A Gallup poll based on telephone interviews conducted November 7-10, 2013, with a random sample of 1,039 adults, aged 18 and older, living in all 50 U.S. states and the District of Columbia revealed that among actual health ailments, obesity ranks first at 13%.[1]

Are emergency physicians positioned to face this challenge?
This course is designed to enlighten the emergency physician to the health care issues directly related to the epidemic of obesity in children and adults and to provide an avenue in which to manage these challenges in the emergency department (ED).

The World Health Organization began sounding the alarm on obesity in the 1990s![2]

Key Facts[3]
1. Worldwide obesity has more than doubled since 1980.
2. In 2014, more than 1.9 billion adults, 18 years and older, were overweight. Of these over 600 million were obese.
3. 39% of adults aged 18 years and over were overweight in 2014, and 13% were obese.
4. Most of the world's population live in countries where overweight and obesity kills more people than underweight.
5. 42 million children under the age of five were overweight or obese in 2013.
6. Obesity is preventable.

Accreditation Statement

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the American Academy of Emergency Medicine (AAEM) and the California Chapter Division of the American Academy of Emergency Medicine (CAL/AAEM). The American Academy of Emergency Medicine (AAEM) is accredited by the ACCME to provide continuing medical education for physicians.

Credit Designation Statement

The American Academy of Emergency Medicine designates this live activity for a maximum of 6.75 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Learning Objectives

To view a full list of objectives, please visit www.aaem.org/AAEM16/attendees

Course Fee*

$300 AAEM Member | $400 non-member | CAL/AAEM Member $250 | CAL/AAEM Resident $150
Late: (after January 25) $350 AAEM Member | $500 non-member | CAL/AAEM Member $350 | CAL/AAEM Resident $250
* includes lunch

Pre-Conference

Tentative Course Schedule

Wednesday, February 17

8:00-8:10am	Welcome & Introduction - Joanne Williams, MD FAAEM
8:10-8:25am	Obesity Defined - Erick Eiting, MD MPH MMM FAAEM
8:25-8:40am	The Obesity "Epidemic" - Erick Eiting, MD MPH MMM FAAEM
8:40-9:10am	Prehospital Challenges - Heather M. Prendergast, MD
9:10-9:40am	Medical Challenges - Heather Prendergast, MD
9:40-9:50am	Break
9:50-10:30am	Medical Complications of Obesity - Heather Prendergast, MD
10:30-11:00am	Airway Management - Joanne Williams, MD FAAEM
11:00-11:30am	IV Access Issues - Kristin Berona, MD
11:30am-12:00pm	Drug Therapy Challenges - Kathryn R. Challoner, MD MPH DTMH FACEP
12:00-1:00pm	Lunch (Included with registration)
1:00-1:15pm	Trauma Management - Joanne Williams, MD FAAEM
1:15-2:00pm	The Obese Child - Emily A. Rose, MD FAAP FAAEM
2:00-2:30pm	Complications of Bariatric Surgery - Alessandra Conforto, MD FAAEM
2:30-3:00pm	Gynecologic & Obstetric Complications - Sophie Terp, MD
3:00-3:30pm	Imaging Challenges - Tarina Lee Kang, MD
3:30-3:45pm	Roundtable Discussion/Q&A - All Faculty & Attendees
3:45pm	Adjourn

Operations Management Updates: What You Need to Know in 2016

Session P05

Thursday, February 18, 2016

8:00am-12:00pm

This workshop is structured to provide an interactive experience hosted by the most knowledgeable and influential thought leaders in emergency medicine today. Hear the latest updates and what are thought to be the hottest issues in emergency department (ED) management from an operations, practice and policy perspective.

Credit Designation Statement

The American Academy of Emergency Medicine designates this live activity for a maximum of 3.75 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Learning Objectives

1. Analyze key issues impacting emergency medicine from operations, practice and policy perspectives.
2. Understand how to apply insights and solutions to an emergency medicine practice.

Course Fee

$150 AAEM Member | $300 non-member | Late: (after January 25) $250 AAEM Member | $400 non-member

Pre-Conference

Tentative Course Schedule

Thursday, February 18

8:00-8:15am	Welcome and Introductions
8:15-9:15am	Topic TBA - Jessie Pines, MD
9:15-10:15am	Topic TBA - Jody Crane, MD
10:15-10:30am	Networking Break
10:30-11:30am	OMC Operational Ted Talks - Joe Guarisco, MD FAAEM FACEP, Joe Twanmoh, MD MBA FAAEM, Ali Raja, MD MBA MPH FAAEM
11:30-12:00pm	Panel Q&A
12:00pm	Adjourn

Course Director

Joe Guarisco, MD FAAEM FACEP
Co-Chair, Operations Management Committee, New Orleans, LA

AAEM Emergency Medicine Physician Assistant Fellowship Challenge Bowl

AAEM is offering the 3rd Annual Emergency Medicine Physician Assistant (EMPA) Fellowship Challenge Bowl. This competition features teams from EMPA fellowships and residencies from across the country. Programs are invited to select teams of two PAs that are currently enrolled in their program. More than one team may represent each fellowship. Applications to participate in the Challenge Bowl are due by February 1, 2016.

Participating teams will compete against one another in a bracket format. The winning team members will be awarded with plaques and AAEM logo apparel, recognition in the May issue of the *Journal of Emergency Medicine*, AAEM's newsletter and website, plus the distinction of being the best of the best! AAEM does not provide additional funds for teams to participate.

All attendees of the Scientific Assembly are invited to attend this session to learn more about the knowledge base and strength of postgraduate EMPA fellows.

To sign-up your team for the Challenge Bowl or for more information about the rules and regulations, please visit: www.aaem.org/AAEM16/competitions. If you have questions about the Challenge Bowl, please contact AAEM at info@aaem.org or 800-884-2236.

Resuscitation for Emergency Physicians

Sessions P07

Wednesday, February 17, 2016
7:30-11:30am, 1:00-5:00pm
Thursday, February 18, 2016
7:30-11:00am

In recent years, it has become all too common for critically ill patients to remain in the emergency department for exceedingly long periods of time. It is during these early hours of illness that many detrimental processes begin to take hold. It is during these early hours of illness that lives can be saved … or lost! In order to prevent unnecessary morbidity and mortality, the emergency physician must be an expert at resuscitating the critically ill patient.

Resuscitation for Emergency Physicians (REP) is an outstanding resuscitation course for the emergency physician that encompasses a broad spectrum of topics including undifferentiated shock, the critical airway, anaphylaxis, cardiac arrest, cardiogenic shock, emergency transfusions, toxicology disasters, sepsis, CNS catastrophes, and pediatric resuscitation. REP is the first integrated resuscitation course developed by an emergency medicine professional society that is tailored to the needs of emergency physicians. Emergency physicians who want to take a single resuscitation course taught at an advanced level, rather than taking ACLS, PALS and ATLS, will find REP to be an outstanding experience. Quite simply, this course will help you save lives!

Pre-Conference

Credit Designation Statement

The American Academy of Emergency Medicine designates this live activity for a maximum of 8.75 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Learning Objectives

1. Discuss advanced resuscitation concepts that can be applied to medical, trauma and undifferentiated patients of all age groups.
2. Identify and discuss current medical literature pertaining to the resuscitation of critically ill emergency department patients.
3. Develop an integrated approach to resuscitating the critically ill emergency department patient.
4. Discuss by way of a case-based approach multiple key medical and traumatic conditions in an evidence-based format.

Course Fee

Early bird: $500 AAEM Member | $850 non-member | Late: (after January 25) $600 AAEM Member | $950 non-member

Tentative Course Schedule

Wednesday, February 17 - Part 1

7:00-7:30am	Registration / Continental Breakfast (Included with registration)
7:30-7:35am	Introduction
7:35-8:05am	The Patient with Undifferentiated Shock - Haney Mallemat, MD
8:10-8:40am	RSI in the Critically Ill Patient - Andy Perron, MD
8:45-9:15am	Pearls and Pitfalls in ED Mechanical Ventilation - Ani Aydin, MD
9:20-9:40am	Break
9:40-10:10am	Anaphylaxis … State of the Art Management - Mike Winters, MD FAAEM
10:15-10:45am	Cardiac Arrest 2016 - Bill Brady, MD FAAEM
10:50-11:20am	The Slowly Crashing Tamponade Patient - Semhar Tewelde, MD
11:30am-1:00pm	Lunch (Included with registration)

Wednesday, February 17 - Part 2

1:00-1:30pm	Emergency Transfusions - Andy Perron, MD
1:35-2:05pm	Killer Cases in Poisoned Patients - Bryan Hayes
2:10-2:40pm	Deadly Dysrhythmias - Bill Brady, MD FAAEM
2:45-3:05pm	Break
3:05-3:35pm	Pitfalls in ICH Management - Evie Marcolini, MD FAAEM
3:40-4:10pm	The Crashing Pregnant Patient - Haney Mallemat, MD FAAEM
4:15-4:45pm	Mending a Broken Heart … Cardiogenic Shock - Semhar Tewelde, MD
5:00pm	Adjourn

Thursday, February 18 - Part 3

7:00-7:30am	Continental Breakfast (Included with registration)
7:30-8:00am	Critical Care of Acute Ischemic Stroke - Evie Marcolini, MD FAAEM
8:05-8:35am	Dangerous Medication Mistakes - Bryan Hayes
8:40-9:10am	Pitfalls in Neonatal and Pediatric Resuscitation - Mimi Lu, MD FAAEM
9:15-9:35am	Break
9:35-10:05am	Sepsis 2016: Fluids, Antibiotics, Lactate, Oh my! - Peter DeBlieux, MD FAAEM
10:10-11:00am	Critical Care Quickies … Pearls for the Moribund Patient - Mike Winters, MD FAAEM
11:00am	Adjourn

Pre-Conference

Course Directors

Michael E. Winters, MD FAAEM
Associate Professor of Emergency Medicine and Director of Combined EM/IM Program; Co-Director, Combined EM/IM/Critical Care Program, University of Maryland School of Medicine, Baltimore, MD

Andrew D. Perron, MD
Professor and Program Director, Department of Emergency Medicine, Maine Medical Center, Portland, ME

William J. Brady, MD FAAEM
Professor of Emergency Medicine & The David A Harrison Distinguished Educator, Medical Director, Emergency Management, University of Virginia Health System, Charlottesville, VA

Simulation – Obstetrics

Session P08a

Wednesday, February 17, 2016
12:30-4:45pm

This simulation course is designed for emergency physicians seeking a practical, hands-on course in the management of critical obstetric scenarios including the performance of invasive procedures. Training is available for emergency physicians of all levels to teach skills not received during emergency medicine training, or to refresh delivery skills and procedures that are rarely used but "high-risk" when encountered in the emergency department setting.

It will include didactic and intensive simulation training in four high-risk deliveries scenarios: breech, shoulder dystocia, nuchal cord delivery requiring resuscitation of both mother and fetus, and crash caesarean section. Junior physicians will have a hand at directing the management of simulated high risk obstetric scenarios. Senior physicians will be able to refresh their skills particularly in procedures and events that are infrequent in practice but high stakes when they are needed.

Faculty will guide participants through the stations and provide not only core instruction in indication, performance and management of complications, but also share their "tricks of the trade."

Participants will receive hands-on instruction by experienced emergency medicine and obstetrics faculty. Task trainers and simulators will be used to recreate clinical vignettes. Critical actions will be reviewed and each participant will perform these simulated high-risk deliveries. A post-training summary will ensure understanding of steps necessary for successful high-risk deliveries.

Course Credit Designation Statement

The American Academy of Emergency Medicine (AAEM) designates this live activity for a maximum of 3.75 *AMA PRA Category 1 Credit(s)*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Learning Objectives

At the conclusion of this presentation, each participant should be able to:

1. Describe the different breech delivery positions and apply recommended techniques for a successful breech delivery.
2. Identify when a delivery is complicated by shoulder dystocia and perform a successful shoulder dystocia delivery.
3. Recognize a nuchal cord delivery with fetal distress and demonstrate an understanding of neonatal resuscitation and immediate maternal post-partum care.
4. Review indications, necessary supplies and techniques for successful umbilical catheter insertion for neonatal resuscitation.
5. Recognize indications for crash caesarean section delivery and review the technique.

Pre-Conference

Course Fee
Early bird: $400 AAEM Member | $500 non-member | Late: (after January 25) $550 AAEM Member | $650 non-member

Special Discount Course Fee if taking both Simulation – Obstetrics and Pediatrics
Early bird: $700 AAEM Member | $850 non-member | Late: (after January 25) $800 AAEM Member | $950 non-member

Tentative Course Schedule
Wednesday, February 17

12:00pm	Box lunch and transport to Simulation Center (Included in registration)
12:30-12:45pm	Introduction to course, faculty and participants
12:45-1:30pm	Scenario 1-Skills
1:35-2:20pm	Scenario 2-Skills
2:25-3:10pm	Scenario 3-Skills
3:10-3:30pm	Break
3:30-4:15pm	Scenario 4-Skills
4:15-4:45pm	Faculty debrief: critical decisions, procedural expertise, "tricks of trade"
4.45pm	Transport to Planet Hollywood (Included in registration)

Course Directors
Chandra D. Aubin, MD RDMS FAAEM
Associate Professor, Assistant Residency Director, Emergency Medicine, Washington University School of Medicine, St. Louis, MO

Kevin Reed, MD FAAEM FACEP
Vice Chair, Department of Emergency Medicine, EMS Medical & Base Station Director, MedStar Harbor Hospital, Assistant Professor of Emergency Medicine, MedStar Georgetown University Hospital & MedStar Washington Hospital Center, Washington, D.C.

Simulation – Pediatrics
Session P08b
Thursday, February 18, 2016
7:00-11:45am

Critically sick children are every emergency physician's nightmare; nobody wants them but we all do and will encounter them in our clinical practice. So let's practice these "high stakes infrequently encountered cases" in a simulated environment and become experts. Sound good?? If yes, then this course is for you.

Pediatric Emergency Immersive Simulation based course is designed for emergency physicians seeking to enhance their decision making and procedural skills in caring for critically sick children.

The cases selected for this conference are not frequently encountered but carry a very high risk and emergency physicians from all levels will greatly benefit from them. Seasoned physicians will solidify their knowledge and get comfortable with running codes and performing procedures while junior physicians will get an opportunity to hone on their analytical and decision making skills as well procedural skills. Each participant will have the chance to critically analyze and be in a leadership role for at least one critical case. Our expert faculty will debrief the participants through the stations regarding the critical decision making and procedural expertise. Come, play and become comfortable in dealing with these tough cases in your practice.

Course Credit Designation Statement
The American Academy of Emergency Medicine (AAEM) designates this live activity for a maximum of 4.25 *AMA PRA Category 1 Credit(s)*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Pre-Conference

Learning Objectives

1. Manage difficult pediatric airways with focus on obstructed airway.
2. Understand indications, equipment needed and procedures for surgical airway.
3. Recognize and manage a child with altered mental status.
4. Explore differential diagnosis and management of a sick neonate.
5. Understand and manage neonatal resuscitation.
6. Analyze indications and techniques of performing Umbilical Venous Catheterization.
7. Understand techniques for lumbar puncture in neonates.

Course Fee

Early bird: $400 AAEM Member | $500 non-member | Late: (after January 25) $550 AAEM Member | $650 non-member

Special Discount Course Fee if taking both Simulation – Obstetrics and Pediatrics

Early bird: $700 AAEM Member | $850 non-member | Late: (after January 25) $800 AAEM Member | $950 non-member

Tentative Course Schedule

Thursday, February 18

6:30am	Transport to Simulation Center (Included with registration)
7:00-7:15am	Introduction to course, faculty and participants
7:15-8:00am	Scenario 1-Skills
8:05-8:50am	Scenario 2-Skills
8:55-9:40am	Scenario 3-Skills
9:45-10:00am	Break
10:00-10:45am	Scenario 4-Skills
10:45-11:45am	Faculty debrief: critical decisions, procedural expertise, “tricks of trade”
11.45am	Box lunch and transport to Planet Hollywood (Included with registration)

Course Directors

Madhu Hardasmalani, MD
Associate Professor of Clinical Emergency Medicine, Keck School of Medicine, University of Southern California, Los Angeles, CA

Kevin Reed, MD FAAEM FACEP
Vice Chair, Department of Emergency Medicine, EMS Medical & Base Station Director, MedStar Harbor Hospital, Assistant Professor of Emergency Medicine, MedStar Georgetown University Hospital & MedStar Washington Hospital Center, Washington, D.C.

Sabrina Taylor, MD FAAEM
Assistant Professor, Clinical Director of Medical Simulation, Department of Emergency Medicine, Paul L. Foster School of Medicine, Texas Tech University, El Paso, TX

Ultrasound — Beginner and Advanced

Sessions P09a and b

Wednesday, February 17, 2016
8:00am-3:45pm – Beginner

Thursday, February 18, 2016
8:00am-12:00pm – Advanced

This year’s AAEM pre-conference ultrasound course has been fully updated with participants’ wishes to design the ultimate ultrasound course. Each year after reviewing participant comments we construct a new course to address their needs. This year we will be offering a new introductory course for beginners and adding on modules for the seasoned ultra sonographers. Each course is described below.

Pre-Conference

Ultrasound — Beginner

Participants wanted more imaging of the heart and central line placement. Didactic lectures will provide state of the art audiovisual presentation by a veteran faculty, followed by small groups of a maximum four participants / one instructor allowing each individual participantample time with their hand on the probe.

Ultrasound — Beginner Course Credit Designation Statement

The American Academy of Emergency Medicine (AAEM) designates this live activity for a maximum of 6.75 *AMA PRA Category 1 Credit(s)*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Course Fee

Early bird: $425 AAEM Member | $575 non-member | Late: (after January 25) $525 AAEM Member | $675 non-member

Course Date

Wednesday, February 17

8:00-8:15am	Welcome
8:15-9:00am	Image Acquisition and Instrumentation
9:00-9:45am	Trauma - Extended Focused Assessment With Sonography for Trauma (eFAST) Examination
9:45-10:30am	Echo in the ED
10:30-10:45am	Break
10:45-11:30am	Aorta
11:30am-12:15pm	Vascular Access - central and peripheral lines
12:15-1:00pm	Lunch (Included with registration)
1:00-3:30pm	Hands-on session
3:30-3:45pm	Wrap up & Adjourn

Learning Objectives — Ultrasound — Beginner

To view a full list of objectives, please visit www.aaem.org/AAEM16.

Ultrasound — Advanced

Participants loved last year's course and we have added more modules. Didactic lectures will take place on-line at your convenience. The lectures will be available one month prior and one month following the advanced US course. There will be a maximum four participants / one instructor allowing each individual participant ample time with their hand on the probe.

Advanced Ultrasound Full-Day Course Credit Designation Statement

The American Academy of Emergency Medicine (AAEM) designates this live activity for a maximum of 3.5 *AMA PRA Category 1 Credit(s)*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Course Fee

Early bird: $300 AAEM Member | $450 non-member | Late: (after January 25) $400 AAEM Member | $550 non-member

Course Date

Thursday, February 18

8:00am-12:00pm

Pick 5 application modules

Advanced Modules:

1. DVT
2. Echo & Aorta
3. eFast
4. EM Procedures - Nonvascular
5. Gallbladder and Renal
6. Gastrointestinal
7. Head & Neck
8. Image Acquisition and Instrumentation
9. Landmark Documentation
10. Musculoskeletal

11. Ocular
12. Pelvic Ultrasound
13. Peripheral Nerve Blocks
14. Pitfalls and Errors
15. Practice with an Expert
16. Pulmonary
17. Shock
18. Shoulder
19. Testicular
20. Ultrasound Equipment
21. Vascular Access

Course Fee – Special Discount if taking both Ultrasound – Beginner and Advanced

Early bird: $425 AAEM Member | $575 non-member | Late: (after January 25) $525 AAEM Member | $675 non-member

Learning Objectives — Ultrasound — Advanced

To view a full list of objectives, please visit www.aaem.org/AAEM16.

Michael J. Lambert, MD RDMS FAAEM
Fellowship Director Emergency Ultrasound, Dept. of Emergency Medicine, Advocate Christ Medical Center, Oak Lawn, IL

Responding to the Disaster — When Your World Becomes Austere

Session P10

Thursday, February 18, 2016
8:00am-12:00pm

Jointly Provided by USAAEM

The Uniformed Services Chapter Division (USAAEM) is offering a course detailing the process of disaster preparation, response, and management. We will rely on both the experience and wisdom of military medicine experts as well as numerous hands-on sessions to attempt to lessen the impact of a major disaster and assist in shortening the recovery period. Throughout the course the goal will be to allow the emergency medicine community to not only react to a devastating event, but also to minimize the impact by developing a strong foundation of knowledge and preparedness.

Accreditation Statement

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the American Academy of Emergency Medicine (AAEM) and the Uniformed Services Chapter Division of the American Academy of Emergency Medicine (USAAEM). The American Academy of Emergency Medicine (AAEM) is accredited by the ACCME to provide continuing medical education for physicians.

Credit Designation Statement

The American Academy of Emergency Medicine designates this live activity for a maximum of 3.75 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Learning Objectives

1. Explore the process of disaster preparation for both a prehospital system as well as an emergency medicine network.
2. Analyze prehospital and hospital-based management of mass casualty incidents from both conventional and chemical-biological-radiological-nuclear causes.
3. Enhance the development of a mobile response unit in order to both triage and treat patients.
4. Employ management of blunt and penetrating trauma as well as blast injuries and chemical-biological-radiological-nuclear exposures.
5. Demonstrate the use of both commercially available and improvised methods to assist in airway management, breathing assistance, hemostasis, and fracture stabilization.

Pre-Conference

Course Fee

**$25 Students and Residents
**$50 Physicians and Allied Health Professionals
***The registration fee is refunded within 30 days after the conference for USAAEM members who attend the course.*

Tentative Course Schedule

Thursday, February 18

8:00-8:10am	Introduction "Disaster Medicine" - James H. Lantry, III, MD FAAEM
8:15-8:45am	Disaster Preparation and Management - Joseph G. Kotora Jr, MD LCDR USN
8:50-9:20am	Initial Assessment and Triage - Julio Lairet, DO LTC USAF MC
9:25-9:55am	Urban Environmental Challenges and Realities - Chetan U. Kharod, MD Col USAF MC SFS
10:00-10:30am	Pharmacy and Pain Control at the Scene - Andrew E. Muck, MD MAJ USAF-R
10:30-11:50am	Module Break Out Sessions (four module stations of 20-minutes each; each participant will rotate through all the modules) 1. Preparation: go bag creation 2. Breathing: chest tubes/cric devices 3. Bleeding: tourniquets/hemostatic devices 4. Stabilization: splints, wraps, and carries
11:50am-12:00pm	Wrap-up and Summary

Course Director

James H. Lantry, III, MD FAAEM
Assistant Professor, Department of Emergency Medicine, USUHS; Staff Emergency and Critical Care Physician/ San Antonio Military Medical Center, San Antonio, TX

Emergency Neurological Life Support (ENLS)

Session P11

Wednesday, February 17, 2016
7:30am-12:00pm

Jointly Provided by Neurocritical Care Society

Emergency Neurological Life Support (ENLS) offers a set of protocols, practical checklists, decision points, and communication tools to improve patient care and outcomes during the critical first hours of a patient's neurological emergency. Participants of this course may obtain ENLS certification and additional 15 *AMA PRA Category 1 Credit(s)*™ with completion of self-directed online modules. ENLS is accredited to provide CE contact hours for physicians (CME), nurses (ACNN), pharmacists (ACPE) and paramedics (CECBEMS credit).

Course Minimum Enrollment: 25

Credit Designation Statement

The American Academy of Emergency Medicine designates this live activity for a maximum of 3 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Accreditation Statement

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the American Academy of Emergency Medicine (AAEM) and the Neurocritical Care Society (NCS). The American Academy of Emergency Medicine (AAEM) is accredited by the ACCME to provide continuing medical education for physicians.

Pre-Conference

Learning Objectives

1. Describe a systematic approach to the evaluation and management of neurological emergencies.
2. Identify time-sensitive interventions in the management of neurological emergencies.
3. List critical communication points in the management of neurological emergencies.

Course Fee

Early bird: $350 AAEM Member | $450 non-member | Late: (after January 25) $500 AAEM Member | $600 non-member

Tentative Course Schedule

Wednesday, February 17

7:30-7:50am	Welcome, Introductions - Wan-Tsu Wendy Chang, MD FAAEM
7:50-8:10am	Resuscitation Following Cardiac Arrest - Wan-Tsu Wendy Chang, MD FAAEM
8:10-8:30am	Approach to the Comatose Patient - Michael Abraham, MD FAAEM
8:30-8:50am	Status Epilepticus - Danya Khoujah, MBBS
8:50-9:05am	Break
9:05-9:25am	Acute Ischemic Stroke - Danya Khoujah, MBBS
9:25-9:45am	Intracerebral Hemorrhage - Michael Abraham, MD FAAEM
9:45-10:05am	Subarachnoid Hemorrhage - Wan-Tsu Wendy Chang, MD FAAEM
10:05-10:25am	Neurotrauma - Wan-Tsu Wendy Chang, MD FAAEM
10:25-10:40am	Break
10:40-11:00am	Acute Non-Traumatic Weakness - Danya Khoujah, MBBS
11:00-11:20am	Meningitis and Encephalitis - Michael Abraham, MD FAAEM
11:20-11:40am	Intracranial Hypertension and Herniation - Wan-Tsu Wendy Chang, MD FAAEM
11:40-12:00pm	Wrap-Up, Questions - Wan-Tsu Wendy Chang, MD FAAEM

Course Director

Wan-Tsu Wendy Chang, MD FAAEM

Assistant Professor, Department of Emergency Medicine, University of Maryland School of Medicine, Baltimore, MD

General Sessions at a Glance

Thursday, February 18, 2016

Celebrity 4	12:45-1:00pm	Opening Remarks
	1:00-1:45pm	Critical Care Updates
	2:00-3:30pm	State of the Academy/Town Hall and Candidates' Forum

3:30-4:00pm Break

Celebrity 3	Celebrity 2	Celebrity 1	Wilshire A	Wilshire B	Melrose 3 and 4
Session 115 4:00-5:50pm **Don't Tell Me You Practice Evidence Based Medicine if You…** 4:00-4:30pm Give a "Binding Agent" for Hyperkolemia 4:40-5:10pm Routinely Use Diuretics in Acutely Decompensated Heart Failure 5:20-5:50pm Admit All Patients with New Atrial Fibrillation	Session 116 4:00-5:50pm **When to Say No to Your…** 4:00-4:30pm Traumatologist: Pan-Scan, Intubate Before Transport, Intravenous Fluids 4:40-5:10pm Radiologist: Oral Contrast, Intravenous Contrast, Allergies, Creatinines 5:20-5:50pm Cardiologist: Risk, Admission, Telemetry, Biomarkers	Session 117 4:00-5:50pm **Point-Counterpoint** 4:00-4:30pm Gun Control is a Public Health Issue 4:40-5:10pm We Should Start Medications for Newly Diagnosed Asymptomatic Hypertensive Patients 5:20-5:50pm Naloxone Prescriptions to go Home with: We are Saving Lives Here! Session 215 10:15am-12:05pm **Critical Care 1** 10:15-10:45am How Do I Intubate the Hypotensive, Acidotic Patient? 10:55-11:25am What About the Task Oriented Assessment of Clinical Skills (TOACS) — What Do I Need to Know for My Critically Ill Bleeding Patient? 11:35am-12:05pm What's New in Sepsis	Session 216 10:15am-12:05pm **Pediatrics 1** 10:15-10:45am He's a Screamer! Pediatric Airway Tips 10:55-11:25am What Would Goldilocks Do? Fluid Resuscitation and Sepsis in the Pediatric Patient 11:35am-12:05pm Tough Cases in Little Bellies	Session 217 10:15am-12:05pm **Emergency Medical Services (EMS)** 10:15-10:45am Get In and Get 'Em Out!: The Changing Paradigm for Emergency Medical Systems and Emergency Department Physicians in an Active Shooter Disaster 10:55-11:25am The Vanishing "GOMER": Community Paramedics Keeping Bounce-Backs Away From Your Emergency Department 11:35am-12:05pm The Swinging Pendulum of Therapeutic Hypothermia: Is It Really So Cool to Cool So Early?	Session 218 10:15am-12:05pm **Personal Finance** 10:15-10:45am Don't Lose Your Shirt! Essentials of Personal Finance 10:55-11:25am What Is My Risk Tolerance? What Should It Be? 11:35am-12:05pm Building Wealth Vs. Making Money – What Is the Difference?	Session 219 10:15am-12:05pm **Pecha Kucha 1** American Academy of Emergency Medicine Pecha Kucha Scientific Assembly	Session 220 7:45am-12:10pm **Open Mic** Register at www.aaem.org/AAEM16/open-mic

12:05-1:30pm Lunch Break (on your own) – Visit the Exhibit Hall

Open Mic Sessions Available

Sponsored by the Young Physicians Section

AAEM will again feature the Open Mic Session, which is a unique opportunity for attendees who have always wanted to speak at a national meeting.

From 7:45am to 5:35pm on Friday, February 19, 2016, Assembly attendees have an opportunity to present a 25-minute lecture (20 minutes for presentation, 5 minutes for questions) on any topic of their choosing, allowing 16 "new voices" to be heard and evaluated by education committee members and conference attendees. The top two speakers will be invited to give a formal presentation at the 23rd Annual AAEM Scientific Assembly in Orlando, FL.

Ten of the time slots will be filled in advance by email. The remaining six slots will be filled on a "first-come, first-served" basis by signing up onsite at the Registration Desk. Those who presented at the 2015 Open Mic Session are not eligible to sign up. View www.aaem.org/aaem16 for more information. **To sign up for an Open Mic time, please contact Kathy Uy at kuy@aaem.org.**

General Sessions at a Glance

Friday, February 19, 2016

Celebrity 4	1:30-2:15pm	Keynote: TBA

Hotel Accommodations

Planet Hollywood Resort & Casino

3667 Las Vegas Boulevard, South
Las Vegas, NV 89109
Phone: 866-317-1829

Online Reservations

https://resweb.passkey.com/go/AAEM16

Phone Reservations

866-317-1829

Reservation Deadline

January 25, 2016

AAEM encourages attendees to make reservations by this date. After January 25, 2016, regular room rates may apply and availability may not exist. Reservations should be made directly with Planet Hollywood Resort & Casino.

Single/Double Occupancy:

$119 per night (Tuesday, Wednesday and Thursday)
$209 per night (Friday, Saturday) plus applicable state and local taxes and resort fees.

Additional persons will be charged at a rate of $30 per person, per night, with a maximum of four persons per guest room. Room rate does not include $29 resort fee per night, which includes unlimited local phone calls (no long distance or international calls), two (2) guests admissions per day to the fitness center (does not include use of spa), and In-room internet access to include one (1) device per room per day.

Government/Military Reservations

A government/military room rate may be available at the hotel. To secure the rate over the phone, please request the government/military room rate. Attendees who book at the government/military room rate will be required to present government or military employee identification at the time of check-in.

Housing Alert!

It has come to our attention that an unauthorized group(s) is soliciting our exhibitors and attendees for guest rooms representing itself as the Planet Hollywood Resort & Casino to make hotel reservations on their behalf. Please note the ONLY official housing provider for the 22nd Annual Scientific Assembly is the Planet Hollywood Resort & Casino. No other housing company or travel agency is authorized to place hotel reservations on behalf of AAEM, its exhibitors or its sponsors.

Cold calls by any party have not been approved by AAEM. Beware that rooms booked on your behalf by any other housing company could carry costs or penalties that you may not be aware of and the rooms booked by unauthorized housing companies are outside of AAEM's rooming block. You are advised to be cautious of other companies trying to sell rooms on behalf of AAEM. Should you be contacted, please email AAEM at info@aaem.org with the details.
